---

## SKILLS

Frontend: HTML, CSS, Bootstrap, JavaScript, React.

Backend: Python, Flask, Node.js, Express, SQL, PostgreSQL.

Testing: Jasmine, React Testing Library, Flask Testing, Python unittest.

Others: Git, VSCode, Heroku, Render, Data Structure, Algorithms.

---

## PROJECTS

### Foodie Delights.

September 2023.

[https://github.com/jongainza/foodie\\_delights](https://github.com/jongainza/foodie_delights)

Crafted an intuitive and captivating user experience for Foodie Delights, facilitating seamless exploration, creation and sharing of culinary passions.

HTML, Bootstrap, CSS, JavaScript, Flask. PostgreSQL, WTFORMS.

---

## PROFESSIONAL EXPERIENCE

### Springboard, Software Engineering Trainee.

April 2023 – Present.

San Francisco, Ca.

- Completed 800+ hours of hands-on course material, with 1:1 industry expert mentor oversight, and completion of 4 in-depth portfolio projects.
- Web Development, JavaScript, DOM Manipulation, Event Driven Programming, Git/Terminal/GitHub, Modern JavaScript and Testing, AJAX, jQuery, ReactJS, Redux, SQL, PostgreSQL, Flask, Node, Express, Data Structures and Algorithms.

### Ramos Tank Line – Hazmat Tank Driver.

February 2021 – Present.

West Sacramento, Ca.

- Safely load and unload over 20,000 gallons of fuel daily with an unwavering focus on strict procedures, recognizing the criticality of precision in refinery environments.
- Optimized fuel delivery routes, resulting in a 15% reduction in delivery times and fuel consumption.

### Proa Construcciones Metálicas – Mechanical CAD Drafter.

December 2018 – April 2020.

Okendo, Spain.

- Effectively managed workload of up to 12 concurrent projects, showcasing exceptional organizational skills and multitasking abilities.
- Took the lead in creating production drawings, displaying precision in technical specifications, resulting in an overall error rate of less than 1%.
- Orchestrated seamless cross-functional communication channels, ensuring timely and accurate exchange of information between departments, resulting in a 20% reduction in project delays and improved overall team collaboration.

### The Mix – Lead Bartender.

January 2013 – December 2018.

San Francisco, Ca.

- Achieved exceptional customer service excellence and maintained efficiency and quality while thriving in a high-volume, fast-paced bar environment. This resulted in increased customer satisfaction, increasing positive reviews on Yelp by 25%.

**Brass Engineering – Mechanical Cad Drafter.**

January 2013 – December 2013.

San Ramon, Ca.

- Implemented iterative design updates based on customer feedback, resulting in a 20% increase in user engagement and a 15% decrease in user churn rate within 3 months.
- Played a vital role in customer satisfaction by actively engaging with customer representatives, thoroughly reviewing schematics, and providing clear answers to questions related to system installation, fostering a seamless and effective installation process.

**Ainair – Sales Manager.**

January 2008 – October 2012.

Urduliz, Spain.

- Drove exceptional growth by increasing contracts by over 300%, expanding company's client base and revenue.
- Strategically orchestrated the formation of highly efficient 4 work teams, leading to a remarkable boost in productivity of almost 50% and an impressive increase in client satisfaction.
- Contributed to data-driven decision-making by conducting in-depth market analyses and presenting key findings to the product team, which led to the development and enhancement of competitive product offerings.

**Ainair – Mechanical Projects Drafter.**

January 2005 – December 2007.

Urduliz, Spain.

- Displayed a strong focus on precision and accuracy through the application of advanced mathematical skills to calculate precise specification details, guaranteeing a high level of design precision and quality.
- Enriched client understanding of design aspects by developing comprehensive communication documentation, enabling effective conveyance of key project details.

---

**EDUCATION**

**Springboard** – San Francisco, Ca.

Expected to graduate in March 2024.

Software Engineering Program, Certificate.

**FreeCodeCamp.org**

JavaScript Algorithms and Data Structures Developer Certification.

**Instituto Maquina Herramienta (IMH)** - Elgoibar, Spain.

Associate of Science in Mechanical Projects Development.

**Fluent in English and Spanish.**
